Simple - Powerful - Practical

- ✓ Integrated UVC Technology
- ✓ Chemical Free Cleaning
- ✓ High-Temperature Steam Cleaning
- ✓ Automatic Descaling Program

CARBON UVC

The BlueEvolution Carbon UVC steam machine delivers top-tier cleaning power in a compact, user-friendly design. Perfect for home or business, it sanitises surfaces with 150°C steam at 5.5-bar pressure, removing stubborn dirt effortlessly.

Integrated UVC technology purifies the air by eliminating viruses and bacteria, offering unmatched hygiene. With ergonomic handles, professional-grade accessories, and an automatic descaling system, the Carbon UVC is an all-in-one solution for chemical-free cleaning in hard-to-reach areas. Discover the power of deep cleaning with the Beam Carbon UVC.
