BlueEvolution XL+

The BlueEvolution XL+ is the ultimate powerhouse for professional cleaning. With 10-bar steam pressure and 180°C steam, it tackles the toughest dirt while meeting the highest hygiene standards. This multifunctional device steams, vacuums, and sanitises in one operation, saving you 60% of cleaning time. Its chemical-free "Green Cleaning" approach ensures surfaces are 99.9% germ-free, making it ideal for industries like food production, healthcare, and transportation. Equipped with UVC light for virus inactivation, the XL+ guarantees unbeatable cleanliness.
